Corbin Urges All Women To Be in Lantern Parade

The traditional Lantern Parade, honoring senior women, will be held in front of Main Hall, Saturday, May 29, at 9:30 o'clock, immediately following SOS which will be held at 9 o'clock that same evening. During the parade, music will be furnished by the University band under the direction of Clarence Bell and Dorothy Borchering Dahlstrom, Moore, will sing "Montana, My Montana" from Main Hall tower.

Rehearsal will be held at 9:30 a.m., Saturday. Pat Corbin, Poplar, chairman of Lantern Parade, requests the following women to be present at this rehearsal: The six key seniors and their partners, the four junior class women who have been chosen as leaders, chairmen of all the committees, old and new AWS officers, and the four Spurs chosen as leaders.

All women students are urged to take part in the parade. Because of the lack of women students on the campus, it is everyone's duty to make this year's Lantern Parade a success, said Miss Corbin.

Pharmacists Form Student Association

A student branch of the American Pharmaceutical Association has been formed in the School of Pharmacy. There are 15 charter members from the present enrollment.

Election of the 1943-44 officers of the association was held last Tuesday. The new officers elected were: President, Pat Corbin, Poplar; vice-president, Betty Nelson, Great Falls; secretary, Kathleen Hubbard, Polson; Treasurer, Evelyn Rasmussen, Whitefish, and faculty adviser, Dr. Jerome Kopet, assistant professor of pharmacy.

Membership in the A.P.A. includes registered pharmacists with student branches represented in schools of pharmacy.

The objects of the organization are to promote the advance of science and art of pharmacy, to stimulate research, and to limit the practice of pharmacy to qualified persons.

The objects of the local group are to promote an interest in the field of pharmacy on the campus of Montana State University and to bring in speakers and demonstrations concerning valuable research developments of interest to the scientific world.

Seven Masquers Complete Royale Requirements

Masquer Royale, honorary for members of Montana Masquers who have earned 100 points in dramatic work, initiated four new members last night.

With Prof. Larrae Haydon, dramatics director, and Masquer President Bob Ackerlund, Missoula, officiating, the following were brought into the club: Jean Armstrong, Estacada, Ore.; Jean Casto, Anaconda; Helen Miller Spriggs,

Masley Print Exhibited in Washington

Student Work Included In Commencement Display, Masley Reveals

An etching, "Earth Fruit," by Alexander Masley, acting head of the Department of Fine Arts, is currently being shown in an exhibition at the Library of Congress in Washington, D.C.

The print, which won the first purchase prize at the San Francisco Museum print show in 1941, was also among the 10 per cent chosen from a field of 14,000 for exhibition at the recent Artists for Victory show at the Metropolitan Art Museum in New York.

"Earth Fruit" is Mr. Masley's interpretation of a scene common to the Middle West — a roadside fruit and vegetable stand. The stand, a farmer, and his wife surrounded by their produce make up the composition, the theme of which is being portrayed again in a large painting that the artist is working on at the present time.

Merrill Attends Chicago Meet

A. S. Merrill, professor of mathematics and University coordinator, left Tuesday afternoon for Chicago to attend a two-day meet of the National Council of the American Association of University Professors today and Saturday.

On his return trip, Dr. Merrill will visit the University of Minnesota and Montana State College and will inspect their Army Air Force Training Detachment centers.

NOTICE

There has been a change in the schedule of freshmen Green Day, according to Dick Burgess, Missoula, class vice-president.

All freshmen will meet behind the east bleachers at 1 o'clock today. Members of the freshman class will then journey to the "M" on Mount Sentinel. Immediately following this, freshmen boys will challenge the sophomores to the traditional tug-of-war on the football practice field.

There will be no picnic in Greenough Park this year, Burgess said.

Final Recital To Be Today

Final student recital of spring quarter will be given this afternoon at 5 o'clock in Main Hall auditorium, Betty Cutts, Billings, president of Music Club, stated yesterday. This is also the last of three continuous recitals sponsored by the Music Club to afford all music majors a chance to perform.

Those to appear this afternoon are Maylou Pomeroy, Glendive, piano; Marriane Slack, Great Falls, soprano; Mae Bruce, Glasgow and Shirley Calnan, Valley City, N.D., clarinet duet; Louisevelyn Scifers, Harlem, piano; Donald Van Cleve, Missoula, baritone; Betty Cutts, piano; Virginia McCabe, Billings, soprano; Bernice Enevoldsen, Billings, violin; Martha Clark and Donald Huck, both of Missoula, soprano-tenor duet.

Band Will Play Before Parade

The annual pre-graduation University Band Concert will be presented Saturday night on the Oval before Lantern Parade. Featured soloists will be Betty Wright, Browning; June Saunders, Troy; and Clarence Bell, University band director.

Miss Wright will play a clarinet solo "Concertino" by Weber and Miss Sanders will play a trombone solo "The Wanderer" by Harlow.

NOTICE

University students who do not live in Missoula are advised by the local rationing board to notify their parents immediately to include their names in the family application for the Number Three ration book that will be issued between June 1 and 10, according to Mrs. H. G. Merriam, member of the board.

"This will save much confusion, as there will be no student registration for ration books, and some students will not arrive home in time to mail their own applications," she said.

Students Receive Awards For Year's Achievement At Annual Special Convo

Scholarship, Athletic, Special Field Awards, Graduate Work, Fellowships, Memorial Funds, Announced Today by Faculty

Dutch Dahmer, Havre, now in active training at the Marine boot camp at Parris Island, was awarded the Grizzly cup as the athlete outstanding in scholarship and service to the University, at this morning's special awards convocation. Awards convo comes each year as recognition to students outstanding in their particular field.

Pan Hellenic Scholarship Cup was awarded to Kappa Alpha Theta, the sorority with the highest scholastic standing for this year.

Mortar Board Scholarship Cup for the freshman with the highest scholastic index went to Flora Mae Bellefeur, Creston.

Albert Picchioni, Klein, was the recipient of both the pharmacy awards—the Lehn & Fink gold medal, awarded to a senior for excellence and research, and Kappa Psi (national pharmacy honorary) Scholarship Prize, awarded to the senior student making the highest average among all pharmacy students in all classes.

Graduate Scholarships

Appointments for graduate assistantships or scholarships were received by the following seniors:

In the department of chemistry—Paul Budewitz, Missoula, a graduate fellowship in rubber chemistry at the University of Akron, Ohio; Earl Christensen, Fergus, and Francis Pott, Missoula, appointments to the United States Naval Research Laboratory, Washington, D. C.; Leonard C. Smith, Jr., Spokane, a graduate assistantship in chemistry at the University of Illinois.

In the department of psychology and philosophy—Carol Linebarger, Havre, a scholarship and assistantship in the department of psychology at the University of Minnesota; Camilla McCormick, Missoula, and Helen Rae, Butte, appointments as psychiatric aides in the Neuro-Psychiatric Institute, Hartford, Conn.

Forensic awards for the Aber Oratorical Contest were made to Carl Isaacson, Plentywood, first place; Helen McDonald, Butte, second place, and John Groene, Lewistown, third place.

The Justin Miller Prize in Law, given for the best comment in the Montana Law Review each year, was awarded to William Scott, Jr., Great Falls.

M Club Blankets

M Club blankets, awards to three-letter men in athletics recommended by Athletic Board and Central Board, were awarded to Bill Leaphart, Missoula; Bill Swarthout, Prosser, Wash.; Karl Fiske, Outlook; Dutch Dahmer, Havre; Bill Robertson, Missoula; Ken Drahos, Sumner, Wash.; Allen McKenzie, Phillipsburg; Chuck Burgess, Dillon, and Joe Taylor, Chicago.

WAA Intramural Trophy, awarded each year to the team winning the greatest number of points in the year's intramural competition, was presented to Elizabeth Pearl, Missoula, for the Sigma Kappa house. Second prize trophy was received by Mary Leary, Burke, Idaho, for the New Hall team.

Martha Clark, Missoula; June Saunders, Troy; Beverly Priess,

New Heads For Sentinel Approved

Lorraine Griffith, Williston, N.D., was approved by Central Board, Tuesday, as editor-in-chief of the 1943-44 Sentinel. Lorraine MacKenzie, Havre, will fill the position of business manager, and Karma Johnson, Butte, will be assistant editor.

These girls were selected from the list of applications turned in to Publications Board. They have all had previous work on the Sentinel as well as experience on the Kaimin and city newspapers.

Peg Thrailkill, Missoula, was named chairman of the M Book Committee to work with Lloyd Eastman, Missoula, Joyce Phillips, Kalispell, Karma Johnson, Butte and Pat Pettersen, Great Falls, on the publication of the book.

Missoula; Bernice Granmo, Missoula, and Sam Smith, also of Missoula, are winners of summer music school \$25 scholarships. Full-year \$75 scholarships, music school tuition for one year, were given to Bernice Enevoldsen, Billings; Martha Clark, Missoula; Betty Cutts, Billings, and Dorothy Hunt, Saticoy, Calif.

Sigma Delta Chi Scholarship Awards, inscribed keys awarded by the Montana chapter of Sigma Delta Chi, were won by Dorothy Rochon, Anaconda, and Lucille Williams, Missoula, for the highest scholastic ranking in the graduating journalism class.

Sigma Delta Chi Citation for Excellence in Journalism was awarded to Jere Coffey, Missoula.

Dietetics Internships

Dietetics internships in hospitals for the year '43-'44 were received by the following seniors: Jean Casto, Anaconda, Indiana University Medical Center, Indianapolis; Lea Marie Himsl, Missoula, Johns Hopkins, Baltimore; Ruth Edith Shober, Weston, Wyo.; Beth Israel, Boston; Leona DeCock, Hysham, Massachusetts General, Boston; Margery Abel, Missoula, Harper, Detroit; Barbara Wilson, Alberton, New Jersey Cooperative, Newark; Barbara Jean McCullough, Eureka, Meyer Memorial Hospital, Buffalo, N. Y.; Ramah Louise Gaston, Missoula, University of Oklahoma, Oklahoma City; Betty Bell, Whitefish, Good Samaritan Hospital, Portland; Jennie Lucille Farnsworth, Missoula, Seattle course for dietitians.

Peggy Kitt, Missoula, was awarded an administrative course at the University of Washington.

PEG THRAILKILL, Business Manager

Dedicated to Men . . .

There is something worth thinking about, the fact that after this war we who are being stopped short in college education will have something to look forward to, something to which we can cling while we orient ourselves and prepare once more for the serious business of living. That something is college life in a free post-war world.

It's been pretty hard this year to settle down and crack the books for hours every night because behind it all was the thought that perhaps in another two years we'd be dead in France, Turkey or any other spot where the invasion of Europe may begin. We have thought that maybe in another year we would be lying in some far-off battlefield. Our hell-raising while in school was thus justified.

But is it right to believe that just because we go to the Army, Navy or Marines it is time to begin carving an epitaph on a tombstone? It is not! Rather we should believe that we will come back after the war and settle down to a life in a free and peaceful world. It is really something to look forward to. Think of the fellows who have gone; most of them will be back. Think of school in a pre-war world when everything was like a bed of roses.

We must believe it will be like that again! It is up to our age group to set our minds to the task ahead—that of post-war normalcy.

One Campus to Another . . .

With male escorts as scarce as rib roasts and new tires, coeds at the University of California have decided to do something about it—and it involves a ration book.

Deferred male students have registered with the "War Manpower Rationing Board," and the girls have taken things over from there. Each girl is allowed 48 points a month, points being subtracted from her ration book for each man who lives in the house next door. Even though the girl may not get a date from this procedure, she at least has the opportunity. Therefore, points are deducted for the above-mentioned opportunity.

After the 48 points have been used, the girl becomes "date-less" for the rest of the month. She's had her chance.

Of course, girls who go steady are considered hoarders, and black markets of men imported from off-campus will be abolished.

Communications

Re: "Study Group ratifies new exam plan," Kaimin, Vol. XLII, No. 61, Tuesday, May 25, 1943, page 4, col. 1."

The story as you carried it is essentially correct other than the heading and the last paragraph. I am not sure whether the figures as you list them are my fault or your reporter's, but in any case I do feel they should be corrected.

Questionnaire of Spring, 1943:

Faculty:	per cent
For classroom finals	62.5
For centralized finals	27.0
No preference	10.4

Student reaction:

	per cent
For classroom finals	78.3
For centralized finals	14.2
No preference	7.5

It would be quite erroneous to let the impression remain that only one student preferred the gymnasium, when actually there were 53 students stating this preference. The overwhelming majority did state a preference for classroom final examinations in the regular classroom, with the regular instructor supervising.

LUDVIG G. BROWMAN,

PETERSON IN NEW JERSEY

Art L. Peterson '40, former circulation manager for the Great Falls Leader, is now stationed with the Signal Corps at Ft. Monmouth, N. J. Following his graduation from the J-School, Art held positions as reporter for the Miles City Star and advertising clerk for the Great Falls Tribune. He sends greeting and salutations to Andy, Dean Stone and all the members of the old Shack gang.

Bill Stevens '40 is doing public relations and promotional work for the WAACs. He married Leclerc Page, also a journalism graduate in '40 in 1941. They are now living in Spokane, Wash.

Dosia Schults '29 is in the Public Relations Office of the Naval Training Station at Great Lakes, Ill. He was the owner of five weekly newspapers in North Dakota before enlisting.

Guy Sheridan '33 is a first lieutenant in the U.S. Army at Gowen Field, Idaho. He was publicity director of Glacier National Park and with the Flathead Monitor and Butte Daily Post

Melby Sees Rosy Future For Seniors

50 Per Cent Increased College Enrollment Is Seen in Post-War Era

Appearing before the graduating seniors Tuesday morning, President E. O. Melby spoke of the future for the graduates.

"In this country, the field of education is the largest enterprise in which the public as a whole is engaged," said the president. "One out of every 47 people gainfully employed is a teacher."

"Shortly after the war, there will be an increase in the number of boys and girls attending high schools. And people believe that after the war, there will be more than a 50 per cent increase in the number of persons attending college."

Universities will be much larger than ever before and will have rich programs of study, Dr. Melby prophesized. They will be able to improve services rendered to students in counseling, advising, health and athletics. They will be able to build in various professional fields larger and stronger schools.

The business of education will grow after the war for two reasons, Mr. Melby said.

"One reason will be the returning of a large number of boys and girls who have interrupted their education to serve in the armed forces or to go into defense work. And secondly, there will be an unprecedented demand for trained leadership in every field," he said.

In Montana, there are great undeveloped resources and there is still a frontier. There will be a need for graduates of Montana

State University to assume leadership in the development of the state, declared the president.

"When you receive your diploma next Monday, there will come with it the responsibility of interpreting the University to the people of the state," Dr. Melby said. "This responsibility is one which will give you the greatest opportunity to render service to the state in return for the benefits that the state has given you."

"When you leave the University with your diploma, you will be in the best possible position to do something for the University. The big thing we want from you is your moral support."

There has never been a time with a more glorious opportunity of service ahead for young people than now, Dr. Melby declared. The greatest period of cultural development will be opened after the war. It will give everyone new frontiers for achievement in arts, science and living.

"Ten years from now, alumni of the University will be playing a role and receiving benefits for service. Realization of the benefits will depend upon our vision, our courage and our willingness to work and put at least sweat and tears into making this a better world. Your job and that of all of us at the University is to help humanity make that vision come true," Dr. Melby concluded.

Grad Directs Red Cross Indian News

Harry Houle '23, for many years active in newspaper work in San Francisco, is now director of public information for the American Red Cross in India. Houle's safe arrival at an Indian port was announced by the American Red Cross recently.

Houle will be remembered by old timers as conductor of the column, "The Mills of the Gods Grind Slowly, But They Grind Exceedingly Fine," which appeared in The Kaimin in the early twenties. His assignment with the American Red Cross covers not only India, but Burma and China as well.

As director of public information for these areas, Houle will assist newspaper correspondents in getting stories on what the Red Cross is doing for the armed services in those theaters of operation, and he will also report regularly to Red Cross headquarters in Washington concerning Red Cross activities.

Phi Delta Theta Captures Intramural Softball Cup

Bill Jones, Phi Delt pitcher, smashed a hard triple with the bases loaded to drive in three runs Wednesday evening and break a 6-to-6 deadlock, giving Phi Delta Theta this year's intramural softball trophy. The Phi Delt's won, 11-to-7, from the Sigma Nu's Wednesday and 21-to-11 from the SAE's Tuesday evening. Sigma Nu eliminated Phi Sigma Kappa, 12-to-4, Tuesday to go into the final game.

The Phi Delt's were blanked in the first inning as all three batters flied out. Sigma Nu scored one run in their half of the first when Sandell hit and came in on an outfield fly. The Phi Delt's tied it at one in the next inning; Jones tripled and scored on McDonald's double. In the bottom half of the second the Sigma Nu's raced the bases on hits, walks and errors for five more. Bottomly doubled; DiRe was safe on a fielder's choice, and Pospisil walked to fill the bases. Sandell's double to center field scored two and Potter's wild throw to first let in another with Reidner safe on first. Schiller singled to right driving in two more, but Jones tightened up to fan out Bowman and end the inning.

In the third Jardine walked; Vorhees walked, and one run came in as Houtonan flied out to left field. Robinson was out, second to first, but Morris walked and Potter cleaned the bases with a line drive good for two. Jones walked and Nutting walked. McDonald was safe on a fielder's choice. Just as Potter crossed the plate, Jones was forced out at third. Sigma Nu still held a 6-to-4 lead. Hall was out by a step for Sigma Nu in the third. Bottomly popped up to the third baseman. DiRe hit, stole to second only to die on base as Pospisil flied a high one into short field.

It was three up and three down for both teams in the fourth. In the fifth, however, with two away, Morris doubled and Potter slammed the first pitch into right field for a home run, tying the ball game. Jones flied out to Schiller in left field. Sigma Nu again went down quickly, although Bowman reached first as Potter dropped a high fly ball. The Phi Delt's got two men in scoring position in the sixth. McDonald hit and Gulbrandson walked, and Jardine reached first on a fielder's choice, Gulbrandson forced out at second. Reidner took two line drives in short to halt the spree. With one man out for Sigma Nu

in their half of the inning, Pospisil hit. Krone was out on a fly ball, but the bases were loaded on Curran's hit and Sandell's walk. A snappy play, third to first, ended the threat.

In the top half of the seventh with the score tied, Houtonan singled; Robinson was called out attempting to bunt on the third strike, and Morris hit. Potter was served an intentional walk and Jones' triple broke up the ball game, scoring three for the Phi Delt's. Nutting doubled, scoring Jones from third and McDonald's long fly scored Nutting. Gulbrandson popped out to the short stop, making the score, 11-to-6, going into the last of the seventh. Schiller flied out. Bowman doubled for Sigma Nu, advanced to third on Hall's high fly and stole home for the last run of the game. Bottomly walked, but DiRe was out to the pitcher.

Phi Delta Theta—AB, 31; H, 11; R, 11; E, 3. Sigma Nu—AB, 33; H, 8; R, 7; E, 0. Homerun, Potter. Triples, Jones, 2.

In the elimination games played Tuesday evening Sigma Nu started right out with two runs in the first only to have the Phi Sig's tie it up in their half of the inning. Three hits and an error brought in three more for Sigma Nu in the second and they grabbed a never-relinquished lead. For the next two innings neither team threatened as both pitchers bore down. Fiske fanned two in the fourth and DiRe set the Phi Sig's down in order on fly outs. In the fifth however, Sigma Nu kicked into high gear. Sheehy singled, Reidner doubled, Sandell grounded out, but two runs scored on Bowman's hit. DiRe flied out to right field. Hall was safe on an error and two more runs came in on Schiller's hard double to

right field. Pospisil walked and Bottomly drove in another pair with a triple making it six runs in the one inning. Krone grounded out, second to first, to end the spree.

The Phi Sig's threatened in their half of the fifth, two men hitting, but Filicetti was caught off the bag for the third out. Sigma Nu went down in order in the next inning on snappy infield play. Again two men reached base for Phi Sigma Kappa only to die there as two fly balls went into left field and a runner was caught by the short stop.

Sigma Nu staged a one-run rally in the first half of the seventh. Bowman hit; DiRe walked, and Hall was safe on a fielder's choice. Schiller hit scoring DiRe, but Bowman was caught at third and Hall was out at the plate. Trailing 12-to-2 in their last time at bat, Ferris walked and Scott hit for the Phi Sig's. Filicetti flied out, but C. Rigg's hit scored two. P. Rigg was safe on an error. The next man flied out and C. Rigg was caught trying to take third and the game ended, 12-to-4, for Sigma Nu.

Sigma Nu—AB, 36; H, 12; R, 12; E, 3. Phi Sigma Kappa—AB, 27; H, 7; R, 4; E, 3; Homerun, Schiller.

In the Phi Delt-SAE game played on the football practice field, Phi Delta Theta took advantage of loose infield play to push three runs across in the first inning and three more in the next. SAE tied the count at the end of the first but were set down in order in the second to give the Phi Delt's a 6-to-3 lead. In the third three hits, an error on a fly ball and an overthrow gave Phi Delta Theta five more; SAE picked up another in their half of the inning as two men hit and one scored on a long fly.

Grattan Takes Part In FBI War Work

Roger J. Grattan '36, who is engaged in war work with the FBI in Washington, D. C., reports an "all's well."

Married to the former Rosemary Reidy '37, Grattan formerly was a reporter for the Daily Missoulian and the Sentinel for a year and has worked on the Minneapolis Tribune. Until May of last year he was secretary for the Kalispell Chamber of Commerce.

The first man walked in the fourth, another was safe as Templer dropped a fly ball and two solid hits brought in a pair of runs for PDT. Cullen, Templer and Wedin hit for SAE bringing one run in and the score stood 13-to-5 favoring the Phi Delt's. In the fifth two men hit, one scoring; a walk and an error loaded the bases. The next ball was an easy bounder to short stop, forcing the man at second, but Johnson's throw to first on an attempted double was wide. Cullen scooped up the ball at first and pegged home to catch the runner there. His throw was high; the run came in and the batter went safely to second. Two strikeouts and a popup ended the inning. SAE came back in their half of the fifth on four clean hits and an error on Potter in shortstop.

Wedin buckled down in the next inning to set the Phi Delt's down in order for the first time in the ball game. With two men out for SAE Karlberg dropped a single into short right, advanced to second on Steen's long fly and two runs scored as Wise smashed a line drive through center field for a homerun. The next man went down swinging and the SAE scoring was ended for the evening.

In the top half of the seventh the Phi Delt's loaded the bases on two hits and an error. Wedin walked one, forcing a run in. Another error and two more hits gave the Phi Delt's a 21-to-11 lead. Wedin bore down on the mound for SAE and the three popups end-

Trackmeet Is Last Sports Event of Year

Tomorrow, May 29, the annual Intramural Trackmeet will take place on Dornblaser Field with all fraternity and independent teams participating. In what promises to be a spirited climax to the year's intramural athletic competition, all teams will be fighting hard to gain the much coveted Intramural Track Trophy.

Beginning in the morning at 10 o'clock, trial heats in the 220, 440, and 100-yard dashes, and the high and low hurdles will be run off. Finals will be held in all events starting at 2 o'clock.

Speculation as to who has the strongest team, finds the Sigma Chi's a heavy favorite, with Wilbur Scott, Barney Berger, Bill Meyers, Glen Hinton, Bill Robertson and Bob Buckmiller entrants in nearly all events. Meyers and Scott who have been training a great deal for this meet, are picked in the dashes, and Hinton will probably take some points in the shot put and discus. Charley Burgess, SAE, who took individual scoring honors last year with 17 points is expected to lead his team to keen competition with the favorites. Dick Bowman, who was a high-point man for the Sigma Nus last year, will not be able to participate as he is a member of the Grizzly track squad, but Carl Schiller who placed first in the 440 last year will be back, giving the Sigma Nu's a hope for the meet.

ed the scoring. A close play at first, a fly to center field and a strikeout ended the ball game.

Phi Delta Theta—AB, 43; H, 18; R, 21; E, 3. Sigma Alpha Epsilon—AB, 32; H, 13; R, 11; E, 7. Steen replaced Koetter in the second inning. Homerun: Wise. Triple: Jardine.

Students Get Awards At Convo

(Continued from Page One)

Class Prize

1904 Class Prize, interest of a fund established by the class of 1904, was awarded this year to Mrs. Laura M. Christiani, Red Lodge.

Faculty Women's Club Junior Scholarship Prize was won by Marjorie Harrison, Bridger. The winner each year is selected from the highest 10 per cent of the junior class.

Carole Linebarger, Havre, received the David B. Smith Memorial Prize in Psychology.

The Phi Sigma Scholarship Medal for outstanding work in the field of biological science went to Leonard Smith, Spokane.

Fine Art's Edwin B. Craighead Memorial Prizes for ability and improvement in art were awarded to Jepson Lonquist, Anaconda, first, and Betty Benson, Missoula, second.

Jeanne Gordon Ronan, won the first prize in the Annie Joyce Memorial Contest in English for her story, "Smoked Meat." Bob Wylder, Havre, won the second award for his story "Tank Hill."

Pendant award winners for seven quarters of service with the University band were received by Mae Bruce, Glasgow, and Lois Dahl, Forsyth.

Book Prizes

Book prizes were awarded to Mark Jakobson, Carlyle, Pi Mu Epsilon winner in the Department of Physics, Francis Pott, Missoula, Pi Mu Epsilon winner in the Department of Mathematics and Christine Warren, Glendive, Alpha Lambda Delta winner.

Students elected to Kappa Tau, local scholastic honorary requiring a minimum scholastic index of 2.3 and the completion of 108 credits, included Ralph Gildroy, Billings; Charlotte Toelle, Missoula; Bob Dow, Sheridan, Wyo.; Bill Weed, Townsend; Mrs. Laura Christiani, Red Lodge; Joan Arrivee, Wolf Point; Charlotte Keffeler, Miles City; Walter King, Missoula; Carole Linebarger, Havre; Mrs. Enola Campbell Baggenstoss, Missoula; Mrs. Teresa Johnson, Missoula; John Whitesitt, Stevensville; Bob Wylder, Havre; Cecil Brown, Stevensville and Victor Archer, Grass Range.

Alpha Lambda Delta Awards

Alpha Lambda Delta certificate awards for graduating senior women who have maintained an average of 2.2 throughout their four years of college work were awarded to Mary Bukvich, Butte; Judith Hurley, Lewistown; Audrey Johnson, Red Lodge; Aline Mosby, Mis-

Forestry Nursery Marks Successful Shipping Season

A successful shipping season, during which approximately 262,000 trees were sent out to Montana farmers, has just been completed at the University nursery, Dr. C. W. Walters, professor of forestry in charge of the operations, said yesterday.

Shipments this spring were greater than were expected although they were below the average of 320,000 trees ordered in most former years. A shortage of labor which made planting difficult for the state's farmers was the chief cause for a slackening up in shelter-belt planting this spring, Dr. Walters explained.

Nine-hundred orders that went to 49 counties were filled during the past two months from the stocks at the nursery northeast of the campus. Of the 16 tested species bred for Montana planting from native seeds and from those obtained through exchange with foreign countries since the nursery was established 20 years ago, Russian olive and caragana were in special demand as well as varieties of Chinese elm, green ash and the evergreens: Colorado blue spruce, Black Hills spruce and ponderosa pine. Other species sent to parts of the state suitable for their growth were the boxelder, golden willow, laurel willow, native cottonwood, Northwest polar, American elm, Douglas fir, juniper and black locust.

The importance of shelter-belt planting takes on added emphasis with today's long range and war-time agricultural programs, for the system of protective planting has proved its economic and practical worth especially on the plains of the Eastern part of the state, Dr. Walters said.

soula; Dorothy Rochon, Anaconda; Christine Warren, Glendive, and Lucille Williams, Missoula.

Military science awards were made earlier, on May 24, at a dress parade review. University scholarships have not yet been announced. About 30 of these scholarships, carrying exemption from registration and incidental fees for one academic year will be awarded the last week in June.

Art Exhibition First Showing Features Prints

Shown for the first time at the annual commencement art exhibition opening Sunday afternoon will be nearly 40 prints which have been added this year to the University's permanent collection. Student work in varied mediums will complete the show being hung this week at the Art building, Alexander Masley, acting head of the Department of Fine Arts, said yesterday.

Wood engravings, wood cuts, mezzotints, lithographs, linoleum cuts, etchings, and dry point etchings are all included in the comprehensive group of prints done on WPA projects throughout the country and obtained by the art department last month from a government allocation center.

"A wide range of subject matter, seen by artists in scattered sections of the country and interpreted in many techniques, makes the print show of special interest," Mr. Masley said. Among those works that are outstanding is "Eve," a sensitive portrait of a young girl done in a style suggestive of Renoir. "Shacks by the Road" shows a masterful use of the mezzotint process of printing in its subtle tonal qualities, he added.

Seven original silk-screen prints that were purchased by the department from the Living American Art group in New York make up a part of the main show of prints. Student work on exhibit includes paintings in oil and gouche, charcoal drawings and three-dimensional designs.

Dean Advances Sawbuck as Bet

Anxious to earn extra spending money for a forthcoming vacation, Dean James L. C. Ford (lower case) Ford startled the senior seminar class in the first week in May with the bold declaration that the Allies would invade Continental Europe before June 15, 1943. He had 10 bucks, moreover, to substantiate his statement.

Incredulous glances from members of the class brought murmurs of dissent. The less diffident envisioned an extra day of senior celebration at no expense, mentally checked bank accounts, and spoke out in protest.

Result: Ann Clements advanced a fiver, asserting this was all she would need, anyway; Jere Coffey thought it only right that he should have the other, which, he asserts, will be given to charity. (Coffey was later heard to say that charity begins at home.)

The takers were reported trembling in their boots after the Allied capture of Tunis and Bizerte.

ACTIVE SPURS HONOR PLEDGES AT PARTY

Spur pledges were honored by the active Spurs at a party at the Delta Gamma House Wednesday night. President Eileen Plumb, Hardin, conducted a short business meeting afterwards.

Ely Announces Membership in National Group

Montana State University has accepted an invitation to membership from the National Association of Schools of Social Administration, according to Prof. Roy J. W. Ely, Department of economics and sociology. This association fundamentally is made up of state universities from all over the United States.

"Since the Department of Economics and Sociology at the Montana State University has a very splendid arrangement of courses for thoroughly qualifying persons for effective service in several of these sociological fields, we shall be very happy to have you affiliate with the Association," wrote J. J. Rhyne, secretary of the Association.

The aim of this organization is to serve as an informal type of forum for the exchange of ideas for the better utilization of existing offerings in economics, political science, sociology and social work.

The Association plans further to help give direction to training for positions in employment service, unemployment compensation, old age insurance, personnel work, rural sociology, public assistance, statistics and case work.

Make Your Travel Arrangements EARLY

It is all-important today that every bus be used when and where it will do the most to help the war program—when and where it will continue to move up the manpower. That is why our service to you now cannot always be what we would like to give, or what you have come to expect of us. Your patriotic cooperation with wartime travel conditions is appreciated.

1. Get information and tickets well in advance.
2. Check your baggage early and take as little as you can.
3. If possible, travel on Tuesday, Wednesday or Thursday—avoid weekends.
